## The Strange People In Apartment 103B

👁 5 ✓ 0 ★ 1

### Chapter 1 by Macie Victoria Sease

There was always strange people living in apartment 103B. We lived in apartment 203B so we always knew what they were up to. One night, while my mommy and daddy were asleep, I heard strange noises. It was like alot of people saying the same thing all at once. Then I heard a chicken clucking and a lady saying weird things in a different language. They did this almost every Sunday at 3:30 in the morning.

One day I decided to see what exactly those weird people were up to. I crawled down the fire escape and looked into their window. There was a plain mattress on the floor and a bunch of writing on the walls with a video camera faced towards the mattress. Against one of the walls was a cage full of chickens all clucking about. It was really weird.

Suddenly, two people came into the room. One was a weird looking lady whose skin looked really tight against her body and her bones were poking out. She wore a big coat that came down to her knees and her teeth were a really deep brown color. She looked like maybe she needed some food. Maybe the man who lived there would cook her one of those chickens. The man, dressed in an all black jumpsuit, gave the woman a lot of money and then she laid down on the mattress. He turned the video camera on and then she began to take her coat off and I realized she wasnt wearing anything underneath! But before she could take off her coat,

the man in black took out a gun and shot her in the head! I was so scared I couldn't move! Then the man in black took a chicken and cut off its head as people came out of the shadows around the room. I heard a weird language.
